Movement Therapy News

If you would like any information on our Special Needs programs at Club Aviva, we now have a separate brochure available at the office with information on the types of programs and prices.

We are now accepting applications for our Movement Therapy summer programs. We have also been looking into grants and other funding. Anyone interested should contact the office.

Many of our Movement Therapy students were integrated into our Spring Break Camp. They were given the opportunity to work with all children and staff making it a valuable social experience for all.

A new non-profit organization called the Tri-City Movement Therapy Society has been founded by Stephanie James, along with four others. The purpose of this society is to enhance opportunities in the area of Movement Therapy for children and families living with Autism and other disabilities. Anyone interested in joining this program should contact our office.

New to Club Aviva is Music Therapy. John Mews of Mewsic Moves is offering classes on Wednesdays.
